## **NAFEMS NORDIC Student Award**

Award for outstanding student work in the field of

### **Engineering Modeling, Analysis and Simulation**

In recognition of the importance of the university sector to the advancement of numerical simulation, and to encourage students to work in these fields, NAFEMS has established a student competition!

The award is aimed at those who are completing a project (bachelor's or master's thesis) that involves the use of engineering simulation techniques such as finite element analysis, computational fluid dynamics or multi-body dynamics, boundary element method etc.

**Deadline for submission: 1 September 2026**

**Total prize money: 2,000 Euro**

**Online submission, more information, rules and regulations:**
