

The International Association for the Engineering
Modelling, Analysis and Simulation Community

NAFEMS NORDIC Student Award

Award for outstanding student work in the field of

Engineering Modeling, Analysis and Simulation

In recognition of the importance of the university sector to the advancement of numerical simulation, and to encourage students to work in these fields, NAFEMS has established a student competition! The award is aimed at those who are completing a project that involves the use of engineering simulation techniques such as finite element analysis, computational fluid dynamics or multi-body dynamics, boundary element method etc.

Deadline for submission: 28th February 2020

1. Prize: 1,000 Euro

Prize money with the kind support of Grundfos (www.grundfos.com)

Free participation (one person) with presentation of the work at the
NAFEMS NORDIC Regional Conference 2020 (www.nafems.org/nordic20).

The NAFEMS Student Award is advertised in various NAFEMS regions. From the winners in each of the regions, one overall winner will be selected and can attend the **NAFEMS World Congress 2021** for free of charge to present his/her work to an international audience (www.nafems.org/congress).

Online submission, more information, rules and regulations:
