

The International Association for the Engineering
Modelling, Analysis and Simulation Community

NAFEMS NORDIC Student Award

Award for outstanding student work in the field of

Engineering Modeling, Analysis and Simulation

In recognition of the importance of the university sector to the advancement of numerical simulation, and to encourage students to work in these fields, NAFEMS has established a student competition!

The award is aimed at those who are completing a project that involves the use of engineering simulation techniques such as finite element analysis, computational fluid dynamics or multi-body dynamics, boundary element method etc.

Deadline for submission: 16 December 2022 (extended)

1st Prize: 1,000 Euro

Online submission, more information, rules and regulations:
